Use Case

Board Appreciation

Application

A state university was looking for a thoughtful gift to show gratitude to its board members during the holidays. The university wanted to include items that would be perfect for cozying up during colder winter season. Using the myBatch configurator, the university started with the Large-sized myBatch box and included the Textari Comfort Cloud Pen, Libretto Journal, 12oz Stemless Tumbler With Handle, Big Heart Tea Co. Cup of Sunshine Tea, and Wood Stir Sticks. The recipients loved the heartwarming gesture and equally enjoyed feeling recognized and appreciated by other members of the university.
