

INIT FOR LIFE!

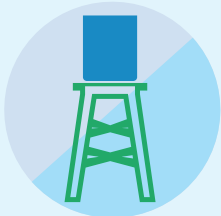

We are proud to announce our partnership with PromoCares and their latest event Water4Good, in support of Planet Water Foundation.

Planet Water Foundation is a non-profit organization whose mission is to transform the health and well-being of children in the world's most impoverished communities by providing access to safe drinking water, sanitation, and hygiene education.

Our Goal

Bring attention, education and action to the global water crisis in the countries from which the promotional product industry draws resources

Raise enough funds to build 1-3 AquaTowers to be constructed in 2023 in disadvantaged communities in Mexico

100% of funds going directly toward building AquaTowers where a single tower will give fresh water to a community of 1,800 people

How To Participate

Buy any product from our Reef-friendly sunscreen line from now until June 30, 2023, and 2% of our total sales will be donated to this amazing cause.

Our Reef-friendly sunscreens are free of harmful chemicals or particles that pose a threat to coral reefs in the ocean. We only use the best natural ingredients to protect both skin and wildlife alike!

By choosing from our Reef-friendly sunscreen line, you're making a small but significant contribution to preserving life and clean water for all. Your support matters and will count towards our goal in supporting PromoCares and Planet Water Foundation.

INIT FOR LIFE!

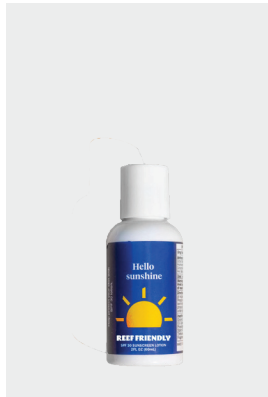

- Reef-friendly, coconut-scented natural SPF 30 sunscreen
- Free of harmful chemicals or particles that pose a threat to coral reefs in the ocean
- Smooth application with hydrating properties that are gentle on the skin
