

Wire Frame

Cable Organizer

92012 |

Banish desktop cord chaos with the Wire Frame Cable Organizer, the elegant solution to electronic clutter. This sleek magnetic system keeps your cables neatly arranged and accessible, preventing the frustrating tangle of cords that typically accumulates around workspaces. The discreet design maintains a professional appearance while its practical functionality ensures your charging cables and accessories stay exactly where you need them—combining organization with minimalist style.

- Innovative magnetic cable management system keeps desktop cords organized and accessible.
- Four dedicated cable clips securely hold various cord sizes to prevent tangling and dropping.
- Sleek metal plate base provides stable foundation while complementing modern workspace aesthetics.
