## WIRELESS SPEAKER

701301

The Bamboom brings warmth to the party in more ways than one. This 10W wireless speaker is housed in a solid bamboo shell, giving it a natural, premium look that stands apart from the crowd. With 4–6 hours of playtime and a DTS-decorated front plate, it's a speaker that sounds as good as it looks on any desk or shelf. Sustainably styled and built to impress.

- 10W wireless speaker with rich, full sound
- Solid bamboo shell for a natural, premium aesthetic
- 4–6 hours of playtime per charge
- DTS decoration on bottom center front plate
- Sustainable alternative to standard plastic speakers
