

CONTRACTOR USB HUB MULTI-TOOL

Item #: CU9311

The Contractor USB Hub Multi-Tool combines everyday connectivity with smart, built-in utility in a slim, desk-friendly design. Made from recycled ABS, it features a clean top surface for clear branding, while discreet ruler markings in both centimeters and inches along the bottom edge add practical value. An integrated level offers a quick visual check when setting up workspaces or displays. With one Type-C port, two USB-A ports, a dual-plug cable, and a compact profile, it's a clever tech accessory designed for modern desks and on-the-go work.

- Slim USB hub designed for everyday desk and mobile use
- Includes one Type-C port and two USB-A ports for flexible connectivity
- Built-in ruler markings and integrated level add practical function
- Made from recycled plastic with a compact, travel-ready profile
- Ideal for desk drops, onboarding kits, contractors, and trades companies
