

CordStop Cable Protector

99036 | MOQ 50 | As low as \$0.97(C)

Protect your investment in expensive charging cables with the simple yet effective Cordstop cable protector. This innovative soft rubber sleeve slides easily over your charging cable and onto the connection joint, preventing the most common cause of cable failure - stress at the bend point. Designed with both function and style in mind, the Cordstop features an integrated recess that showcases your brand with a vibrant full-color dome decoration.

- Prevents cable damage at common failure points.
- Soft rubber design slides easily onto cables.
- Full-color dome decoration in recessed area.
- Simple solution to expensive cable failures.
