

Natureblend Plant Fiber Journal

Item #: CA9795

Join the upcycling movement with our NatureBlend Plant Fiber Journals! Crafted from repurposed coffee husks, lemongrass, or tea leaves, each journal is a unique earth-friendly branding opportunity. The inner 80 pages (80gsm) are brown and made from GRS-certified 100% recycled paper. It includes a bookmark ribbon and pre-printed sustainable aspects on the inside cover. The unique look of each book accents how thoughts can be captured by the written word while respecting the environment.
