

E-Z Breezy Neck Fan

Item MPC26N

Stay cool and comfortable with the E-Z Breezy Neck Fan. Designed for hands-free cooling, this lightweight device features dual air outlets on each side, delivering a powerful and even airflow around your neck. With three adjustable speed settings - gentle, moderate, and strong - you can customize your cooling experience to suit any situation. The flexible silicone neckband stretches and folds for a perfect fit and rotates 360 degrees to direct airflow exactly where you need it.

- Hands-free cooling with a flexible, foldable neckband
- Three speeds and dual air outlets for adjustable airflow
- 360° rotation for precise cooling
- USB Type C to USB-A charging
- Packaged in a retail-inspired box
