

QUILLVEK JOURNAL

Item #: CA8704

The Quillvek Journal is built tough. The synthetic material cover is made from high-density polyethylene fibers giving it a paper-like appearance while being tear-resistant, water-resistant, and lightweight. This unique, wrinkle look cover encases 80 sheets of recycled ivory lined paper for notes, lists, sketches, or stories. An elastic closure band keeps pages protected, while a ribbon page marker saves your place. Perfect for fieldwork, creative sessions, and general note taking.
