

LUNO GRIP PHONE MOUNT

Item #: CU9310

Hands-free device viewing is easy with the Luno Grip Phone Mount. Made from durable, lightweight ABS plastic, it features a magnetic holder and an adjustable base for optimal angles. The vacuum-suction base adheres to flat, non-textured surfaces without leaving adhesive residue, providing a strong and stable hold. Designed for hands-free use, it's perfect for video calls, streaming, and social content creation on desks, vehicle dashboards, kitchen counters, mirrors, and more.

- Suction mounting, magnetic, device stand made from lightweight plastic
- Adjustable tilt and height extension up to 4.5"
- Vacuum suction mechanism for secure attachment on flat surfaces
- Includes a metal ring (3M adhesive) for non magnetic devices, a plastic adhesive sheet to help suction on glass surfaces and hex key to tighten angle arm
- Perfect for desks, dorm rooms, and creative work setups
