

reNew Rechargeable Telescopic Work Flashlight

Item #L306LED

Illuminate every corner with ease using this rechargeable telescopic flashlight. This powerful tool extends up to 19.5 inches to reach tight spaces, with a magnetic end to easily retrieve lost metal parts. The handle also features a magnet for hands-free use, and with 40 lumens over 11 meters, it's built for tough jobs. Charging in just 1 hour, it runs for 1.5 hours. Drop-tested and ANSI-certified. Comes with a charging cable in a retail box.

- Fully rechargeable: runs for 1.5 hours on a 1-hour charge.
- Features a magnet on the end and on the barrel.
- Telescopic feature makes it easy to reach and illuminate tight spaces.
- Light offers 40 lumens of strength and 11-meter distance.
- ANSI-certified and drop-tested.
