

Introducing The MiniZoom

Tactical Flashlight

Item: L287LED

6 Different Light Modes

With 6 different light modes
be prepared for any situation

+ Wide Short Zoom

- Narrow Long Zoom

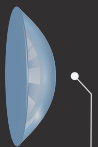

Zoom Feature

The flashlight has a zoom function
giving it the ability to have an
adjustable beam distance.

Attached wrist strap
for security when in use.

Constructed with a
lightweight aluminum
barrel and a OSRAM
P8 LED bulb.

The OSRAM P8 bulb is a fish-eye
lens, which projects a more focused
beam to reach longer distances.
